FRIDAY 14TH FEBRUARY 2014
UK CHAMBER OF SHIPPING, LONDON

JOINT MEETING WITH UKIAFT

‘The importance of accurate information in the interpretation of toxicological data’

Sponsored by

Agilent Technologies

PROGRAMME

10:30 – 12:30 **Workshop – “Alcohol Calculations”**

Mike Scott-Ham, Principal Forensic Toxicology and Drugs Consultancy Ltd.
Andrew Clatworthy, Independent Forensic Consultant.

This will be an interactive workshop at which attendees will be invited to each perform some simple personal calculations (access to a calculator required). The workshop will include calculations involving the Widmark Factor and the formulae of Forrest and Watson. It will then go on to consider the sort of calculations that might be expected in a contested Drink Driving case involving laced drinks and/or hip flask defences. Points raised concerning the ATD Guidelines will also be discussed and agreements reached.

This workshop is aimed at **all** abilities, from junior staff to senior & experienced toxicologists.
